

To Whom It May Concern:

I met Mark Allen at one of my reined cow horse clinics. He was there giving an equine dental presentation. I sat in on Mark's presentation and was impressed by his knowledge of equine dentistry, horsemanship, and understanding of the overall mechanics of a horse.

I asked Mark to work on my futurity colt, and after experiencing outstanding results I had him work on several of my other horses. I also had friends bring their horses for Mark to work on.

After having the dentistry done on my futurity colt he was much more user friendly. He was at a higher level of performance with less effort on my part.

Mark Allen is an exceptional equine dentist and I will continue to use him for all of my horses. His knowledge and understanding of the mechanics and workings of a horse's mouth is far beyond that of any other professionals I have used. I would highly recommend him to anyone looking to put the winning edge on their horse.
